Memo to Cingular Wireless Subscribers

This memo is to serve notice of the following changes affecting Cingular Wireless Subscribers:

Effective May 2007 Cingular Wireless changed their name to AT&T Mobility; agencies can expect to see this change beginning on their July statements. Please note that all other information such as Tax ID number and address remains unchanged. This is a name change only, and is not intended to change any remittance address for payments due AT&T Mobility formerly known as Cingular Wireless. Payments should continue to be remitted in accordance with the remittance address in your billing statement or on your invoice remittance slip.

The other important change relates to the TDMA/Analog Network. As most are aware, the TDMA/Analog wireless network is an older network with limited capabilities. AT&T Mobility can no longer provide services and features that Government customers require, on this older platform. In addition, most manufacturers no longer produce TDMA/Analog phones. Currently, over 99 percent of all minutes used are carried on GSM network. As a result, AT&T Mobility is encouraging all of their TDMA/Analog customers to migrate to the higher-quality GSM network. This will require any impacted subscribers to switch to a new GSM rate plan and device.

As a result, the TDMA/Analog Network will be completely shut down in February 2008. Many TDMA/Analog cell sites or overlays are in the process of being phased out during the remainder of 2007, directly impacting TDMA/Analog service in the effected markets.

If you have any questions regarding this transition or how it will impact your agency, please contact your Government Account Manager and coordinate directly with him/her to migrate your end users **before October 1, 2007, to ensure that your service will not be disrupted.**

If you have additional questions or concerns about the use of this contract, please contact Teri Smith at (775) 684-0178 or via email at tlsmith@purchasing.state.nv.us
